

Michel's

E_Z OPENER 210

Wireless Remote Chute Opener

Chute Position Feedback!

Compact and Durable

“Unloading just got Eee-Zee-er!”

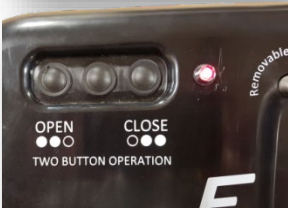

- High clearance allows EZ Opener to be out of the way of swing augers
- Weatherproof enclosure is made from Lexan, a polycarbonate that offers superior impact resistance.

- Convert to Manual Operation in seconds. No tools required.

- Comes with electric shut off switch

- LED indicator light ensures customers that the chutes are closed before filling their trailer.

- EZ Opener can be mounted on either side of trailer.
- All EZ-Opener 210 Chute Openers are switch ready with a plug on the back of each Chute Opener to accept a switch box to simply plug in and allow switch boxes to be added at any time.

- Comes with a 200 series integrated wireless remote with digital read out, which allows you to operate your Michel's 200 series – chute openers, hopper augers, electric tarps as well as lights and swing augers with one remote
- Quick select buttons allow you to move from function to function quick and easy.
- Limits are set using the remote and will never lose programming.
- All Chute Openers can set one midway stop which allows customers to stop the chute at any desired location automatically. (ex. 14 per cent) This proves very useful when filling augers.

Michel's 200 Series Integrated Wireless Remote allows operation of each individual product.
